Duschwannengröße size of shower tray dimension du receveur maat van de douchebak	Duschwanneneinbaumaß dimensions of installed shower tray dimensions du receveur installé douchebakbouwmaat	Einrückmaß Indention Retrait Instelmaat
1200 mm x 800 mm 1400 mm x 800 mm	1200 x 785-805 mm 1400 x 785-805 mm	} 15 mm
1200 mm x 900 mm 1400 mm x 900 mm	1200 x 885-905 mm 1400 x 885-905 mm	} 15 mm

Das Einrückmaß den örtlichen Gegebenheiten anpassen, d.h. wenn das Einbaumaß größer ist dann muss das Einrückmaß in der Differenz vergrößert bzw. der Einbau muss kleiner und das Einrückmaß entsprechend verkleinert werden.

Bei Bodenmontage gehen wir grundsätzlich von Fuge Mitte Glas aus, es sei denn, es wurde im Vorfeld etwas anderes vereinbart.

Adjust the indention to the given local conditions, i.e. if the dimensions of the installed shower tray are bigger; please enlarge the difference of the indention respectively minimize the difference if the dimensions are smaller. In case of wet floor installation we basically assume that the glass is put on the joint unless something else was agreed on in advance.

Adapter le retrait suivant votre configuration locale:

De ce fait, si les mesures du receveur installé sont plus grandes, alors la différence du retrait doit être augmentée ou selon le cas, la configuration doit être plus petite ou diminuée. Pour le montage au sol, nous prenons comme point de départ l'épaisseur de verre sur le joint carrelage, à moins qu'une autre solution ait été convenue préalablement.

De naar binnen plaatsing aanpassen aan de bestaande situatie, d.w.z. als de inbouwmaat groter is dan moet afhankelijk van het verschil verder naar binnen worden geplaatst resp. moet de inbouwmaat kleiner zijn en kleiner worden gemaakt. Bij montage op de vloer gaan wij altijd uit van voegmaat midden glas uitgezonderd een van te voren anders vastgelegde afspraak.
